Dog information

Dog identification is mandatory from the age of 4 months and helps you recover your lost pet. Remember to report any change of address or owner. Your pet's tattoo number and contact details are registered with the **Central Canine Society**.

Dog fouling in public areas may result in a fine. The owner is liable to a penalty if they don't clean up after their dog. To help with this, **dog waste bag dispensers** are available throughout our area.

Your pet must be kept on a leash in all public places. Check with a veterinarian about the required vaccinations and travel conditions if you plan to cross the border into **Spain**. Your animal is your full responsibility, and you will be liable for any damage it may cause.

Dogs from the 1st and 2nd categories must be muzzled.

1st category : Type American Staffordshire Terrier called « Pitbull », Type Mastiff called « Boerbull » and Type Tosa (no LOF)

2nd category : Rottweiler, American Staffordshire Terrier and Tosa (LOF)
Owners of dogs in these two categories must declare them at the town hall (mandatory) to obtain a possession permit. This requires presenting certain documents, including the animal's identification and vaccination records, insurance, sterilization certificate, a veterinary assessment, and a competency certificate.

HIKING

Enjoy great moments while exploring the hiking trails across our region. You will see that the Bas-Vallespir offers 17 marked trails for all levels ! Some of these paths cross private property, so we kindly remind you to keep your dog on a leash and to clean up after them.

How to get this little hiking guide?

You can download it for free from our website www.vallespir-tourisme.fr

FLASH !

You can purchase it at one of the intercommunal tourist offices in the Vallespir — the complete version for €5, or individual sheets from €0.50 each.

some advise before going on a hike

- ☐ Bring a bottle of water and a portable bowl
- ☐ During peak season, opt for trails that offer shade and vegetation.
- ☐ Make sure your pet is fit enough for the distance and elevation gain of the trail you plan to take.
- ☐ Respect the path
- ☐ **Watch out for livestock guardian dogs (“Le Patou”) :** While hiking on marked trails, you may come across a flock accompanied by a livestock guardian dog known as “Le Patou.” In such cases, certain precautions must be taken with your pet : Do not approach the herd, and always keep your dog on a leash to avoid disturbing the animals or the Patou. Do not run, shout, wave sticks, throw objects, or attempt to pet the flock or the dog, even if the Patou comes toward you.

natural sites

PRAT DE LA FARGA Maureillas

Fantastic play areas near historic town centers ! Let your furry friend burn off some energy in beautiful, open natural spaces. And when the sun is shining, they'll love cooling their paws in the gentle streams that run through these scenic spots !

Fontcalde Céret

THE LAKES Saint Jean Pla de Corts

An ideal setting to enjoy special moments with your four-legged friend ! Dogs are welcome around the lake as long as they are kept on a leash. However, swimming and access to the lawn are not permitted.

LE TECH by the river...

There are trails where you can walk your pet: Reynès, Céret, Saint Jean Pla de Corts, and Le Boulou.

If your pet wants to take a swim, be careful of the river's current and stay cautious! Please note that a local decree may prohibit swimming in the "Le Tech" river due to the presence of cyanobacteria.

We recommend checking with the Vallespir Tourist Office for the latest information.

If you are not able to take your pet on some activities, do not worry, there is always a solution !!! Go to page 17.
